It is the policy of the College to collect personal information from time to time for the primary purpose of collection (see below), and for such other secondary purposes that are related to the primary purpose of collection and reasonably expected, or to which you have consented.

The type of information the College collects and holds includes (but is not limited to) personal information, including sensitive information, about:

- students and parents and/or guardians, before, during and after the course of a student's enrolment at the College;

- other people who come into contact with the College.

### **Types of Personal Information Collected**

The College will generally collect personal information held about an individual by way of forms filled out by College personnel, parents and students, face-to-face meetings and interviews, and telephone calls. On occasions people other than those associated with the College provide personal information.

In some circumstances the College may be provided with personal information about an individual from a third party, for example a report provided by a medical professional or a reference from another College.

#### ***Students and Parents***

In relation to personal information about students and parents, the College's primary purpose of collection is to enable the College to provide schooling for the student. This includes satisfying both the needs of parents and the needs of the student throughout the whole period the student is enrolled in the College.

The purposes for which the College uses personal information of students and parents include:

- to keep parents informed about matters related to their child's schooling, through correspondence, newsletters and magazines;
- day-to-day administration;
- looking after student's educational, social and medical wellbeing;
- seeking donations and marketing for the College; and
- to satisfy the College's legal obligations and allow the College to discharge its duty of care.

In some cases where the College requests personal information about a student or parent, if the information requested is not obtained, the College may not be able to enrol or continue the enrolment of the student.

***Job applicants, staff members and contractors***

In relation to personal information of job applicants, staff members and contractors, the College's primary purpose of collection is to assess and (if successful) to engage the applicant, staff member or contractor, as the case may be.

The purposes for which the College uses personal information of job applicants, staff members and contractors include:

- in administering the individual's employment or contract, as the case may be;
- for insurance purposes;
- in seeking funds and marketing for the College; and
- to satisfy the College's legal obligations, for example, in relation to child protection legislation.

***Volunteers***

The College also obtains personal information about volunteers who assist the College in its functions or conduct associated activities, such as alumni associations, that enable the College and volunteers to work together.

***Marketing and fundraising***

The College treats marketing and seeking donations for the future growth and development of the College as an important part of ensuring the College continues to be a quality learning environment in which both students and staff thrive. Personal information held by the College may be disclosed to an organisation that assists in fundraising, for example, the College's Faith in Action Team.

Parents, staff, contractors and other members of the wider College community may from time to time receive fundraising information. College publications, like newsletters and magazines which include personal information, may be used for marketing purposes.

**Disclosure of Personal Information**

The College may disclose personal information, including sensitive information, held about an individual to:

- another school / College
- government departments;
- medical practitioners;
- people providing services to the College, including specialist visiting teachers and sports coaches;
- recipients of College publications, like newsletters and magazines
- Parents; and
- anyone you authorise the College to disclose information to.

***Sending information overseas***

The College will not send personal information about an individual outside Australia without:

- obtaining the consent of the individual (or in some cases this consent will be implied); or
- otherwise complying with the National Privacy Principles.

## **Sensitive Information**

In referring to 'sensitive information', the College means: information relating to a person's racial or ethnic origin, political opinions, religion, trade union or other professional or trade association membership, sexual preferences or criminal record; and health information about an individual.

Sensitive information will be used and disclosed only for the purpose for which it was provided or a directly related secondary purpose, unless you agree otherwise; or if the use or disclosure of the sensitive information is allowed by law.

The College's staff are required to respect the confidentiality of students' and parents' personal information and the privacy of individuals. The College has in place steps to protect the personal information the College holds from misuse, loss, unauthorised access, modification or disclosure by use of various methods including locked storage of paper records and password protected access rights to computerised records.

### ***Photos sent home***

Any group photos sent home should ideally have a cover note that expresses the following.

"We provide these photos as a record of your child's time this year. Out of respect for other class members and their privacy, you are asked to NOT present these photos on any social network site without permission of the families in the photo."

## **Access to Personal Information**

The College endeavours to ensure that the personal information it holds is accurate, complete and up-to-date. A person may seek to update their personal information held by the College by contacting the Principal of the College at any time.

The National Privacy Principles require the College not to store personal information longer than necessary.

Under the Commonwealth Privacy Act, an individual has the right to obtain access to any personal information which the College holds about them and to advise the College of any perceived inaccuracy. There are some exceptions to this right set out in the Act. Students will generally have access to their personal information through their Parents, but older students may seek access themselves.

To make a request to access any information the College holds about you or your child, please contact the Principal in writing.

The College may require you to verify your identity and specify what information you require. The College may charge a fee to cover the cost of verifying your application and locating, retrieving, reviewing and copying any material requested. If the information sought is extensive, the College will advise the likely cost in advance.

## **Parental rights and responsibilities**

The College respects every parent's right to make decisions concerning their child's education.

Generally, the College will refer any request for consent and notices in relation to the personal information of a student to the student's parents. The College will treat consent given by parents as consent given on behalf of the student, and notice to Parents will act as notice given to the student.

Parents may seek access to personal information held by the College about them or their child by contacting the Principal. However, there will be occasions when access is denied. Such occasions would include where release of the information would have an unreasonable impact on the privacy of others, or where the release may result in a breach of the College's duty of care to the student.

The College may, at its discretion, on the request of a student grant that student access to information held by the College about them, or allow a student to give or withhold consent to the use of their personal information, independently of their parents. This would normally be done only when the maturity of the student and/or the student's personal circumstances so warranted (for example, if the student was over 16 years of age and living independently).
